Subject: Rep. Becerra response

Hi Barbara,

As an update, we received comments from Barnes Johnson yesterday on the Rep. Becerra response – they were very minor (see below). Right now we’re holding the response pending any further comments from Region 9, so please let us know when you hear something!

Amanda

2. *“What are the circumstances under which you would deny a permit?” (Asked by Rep. Becerra staff during a conference call with EPA Region 9.)*
